Audiovisual storyteller with 4+ years of expertise crafting compelling narratives that bridge creative vision and strategic communications. Proven ability to:

- Produce high-impact video and audio content for broadcast, digital platforms, and brand storytelling, supporting audience engagement and strategic goals. Manage projects from concept through post-production with agility and resourcefulness.
- Enhance storytelling and streamline workflows using AI-assisted tools for editing, audio enhancement, and adaptive formatting.
- Create platform-optimized content for social media (YouTube, TikTok, LinkedIn) and traditional media, tailored to audience journeys and communication objectives.
- Collaborate across teams to elevate on-screen presence, digital engagement, and message clarity. I combine strong interpersonal and narrative skills with technical proficiency in digital production environments, executing quality projects efficiently under deadline.

Education

Sep 2018 - Dec 2021

- Diploma in Film & Video Programs Production
Kenya Institute Of Mass Communication, Nairobi, Kenya
 - TV and Film Production (Major)
 - Public Relations (Minor)

Employment

Jun 2024

- Audio Visual Technician
Kenya Red Cross, Nairobi, Kenya
 - Crafting engaging multimedia content (video, photos, and graphics) from KRCS', including highlight reels, promotional clips, social media content, and websites and newsletters that drive audience engagement, brand storytelling, and brand consistency.
 - Ensure regular content publication on the website, coordinating closely with IT/web maintenance teams for technical support and updates.
 - Editing post-show reels and highlight clips for social media and promotional use.
 - Working with the creative team to ensure content aligns with KRCS' brand and vision.
 - Developing strategic solutions to given communications challenges.
 - Conceptualization of video productions and enhancing footage with music, graphics, and smooth transitions for maximum impact.
 - Curating and organizing event footage for editorial summaries.
 - Optimize videos for different platforms (Instagram, YouTube, TikTok, etc.).
 - Providing communications advice, which includes crafting relevant messages and using the right media to disseminate the relevant information.
 - Produce high-quality visual and audio content (concerts, artist

- features, behind-the-scenes footage) that resonates with diverse audiences and amplifies KRCS' brand and creative vision.
- Support artist branding, promotional campaigns, and audience growth through innovative storytelling and dynamic content strategies.
- Build and maintain media and industry relationships, pitching KRCS' brand stories and performances to digital platforms, broadcasters, and press for maximum visibility.
- Oversee the design phase in collaboration with external consultants, ensuring timely delivery and quality presentation.

Jul 2021 - Oct 2021

■ Field Producer -Intern
[Kenya Broadcasting Services, Nairobi, Kenya](#)

- Supported senior producers in developing and executing compelling news and feature stories, aligning content with the national broadcaster's editorial standards and audience expectations.
- Assisted in the coordination and logistical planning of field productions for television and digital platforms, contributing to timely and within-budget completion of segments.
- Conducted research and fact-checking to support scriptwriting for news broadcasts and longer-form feature stories, ensuring accuracy and narrative clarity.
- Participated in audience and content analysis to understand viewer engagement and inform storytelling approaches relevant to Kenyan audiences.
- Aided in the creation of promotional teasers and visual concepts, from initial planning through post-production support.
- Facilitated clear and timely communication between field crews, editors, and in-house production teams to ensure smooth operations from story assignment to broadcast.
- Proactively learned and applied field production best practices, including camera setup, sound recording, and on-location coordination under the guidance of experienced producers.

Nov 2019 - Dec 2019

■ Director of photography
[Manyatta Films, Kiambu, Kenya](#)

- Evaluate the production script to assess theme suitability and visual settings.
- Curated and created content for social media for the company for LinkedIn, Tik Tok, Facebook and YouTube.
- Managed the company's website and social media pages (Facebook, Instagram, LinkedIn, etc.), optimizing content strategy to boost visibility and follower growth.
- Acted as the community manager, fostering audience interaction, responding to inquiries, and maintaining brand voice consistency.
- Collaborate with the creative and production team to finalize key shooting locations.
- Develop shot plans for multiple or specialized camera setups.
- Frame each shot to establish technical parameters, such as focal distances, for the desired visual impact.
- Provide creative and camera input to visual styling in discussions with the creative leadership.
- Oversee and elevate the visual storytelling of Stagepass productions, ensuring high-quality cinematography, lighting, and creative direction for live events, music videos, and branded content.
- Lead the production of compelling photo and video assets that

- enhance client projects, engage audiences, and strengthen Manyatta's brand identity.
- Skilled video editor with expertise in editing software (Adobe Premiere Pro, Final Cut Pro) and efficient project management, with a strong focus on storytelling and high-quality post-production for diverse media platforms.
- Edited high-performing promotional videos using Adobe Suite and Capcut, increasing social media traffic by 60%.
- Document and standardize best practices in cinematography, lighting, and post-production to mentor crew members, improve workflows, and maintain industry-leading quality.
- Collaborate with the marketing and business development teams to create visually striking promotional materials, pitch reels, and case studies that attract new clients and showcase Manyatta’s technical expertise.
